The biggest football competition in the world is the World Cup. This is how it all started.

The organizers of the Olympics decided not to include football in the 1932 competition, because it was in America and football was not popular there. In 1930, the FIFA president, Jules Rimet, started a world championship for football. He decided to hold it in Uruguay, because they were the best team in the world at that time. At first, European countries did not want to send their teams. The only way to travel a long distance in 1930 was on a ship. European countries said it was too expensive and took too long for them to travel to South America. Finally, Jules Rimet persuaded four European countries to send their teams. There were teams from North and South America and from Europe.

A French player, Lucien Laurent, scored the first goal of the competition. France won their first match, but lost the others. The winners of the competition were Uruguay. They played Argentina in the final. Uruguay won 4-2. They scored their fourth goal in the last minute. 93000 people saw the best team in the world become the first World Champions.
